Emergency Drug Coverage

Pharmacies are reminded that federal statute requires Medicaid programs (Fee-for-Service and managed care) provide payment for dispensing of at least a 72-hour supply for any drugs requiring prior authorizations if prior authorization cannot be obtained outside of Medicaid business hours. (*Section 1927 of the Social Security Act. Codified as Section 1396r-8 of Title 42.(d)(5) (B)*)

Pharmacies must request payment for the 72-hour supply from the client’s prescription plan, either Fee-For-Service or the appropriate Medicaid MCO.

Pharmacy Co-payment

Medicaid providers are not permitted to require Medicaid recipients to pay copayments as a condition for receiving services. However, the consequences for a recipient who does not pay the copayment is that the provider:

- (a) may request the copayment each time a recipient needs an item or service;
 - (b) may ask a recipient for outstanding copayments the next time the recipient comes in for an item or service, or
 - (c) may send the recipient bills.
