

**** Important Notice ****

**COVID-19 Vaccine and At-Home Over-The-Counter
COVID-19 Test Kits
POS Billing Guidance**

October 1, 2024

**New Hampshire Medicaid Pharmacy Program
(Fee-for-Service and Managed Care)**

September 30, 2024, marks the end of the mandatory coverage period for COVID-19 vaccines and administration as defined in the American Rescue Plan Act of 2021. New Hampshire Medicaid remains committed to ensuring beneficiaries receive medically necessary care including preventive services to reduce and slow the spread of the disease.

Effective October 1, 2024, claims for COVID vaccines and at-home over-the-counter (OTC) COVID test kits should be billed at POS to the MCO or FFS program for the beneficiary.

Vaccine Changes:

- Submit claims through POS to the MCO or FFS program for the beneficiary.
- FFS reimbursement will align with other covered vaccinations at ingredient cost + \$10.47 professional dispense fee.

OTC COVID test kits:

- Submit claims through POS to the MCO or FFS program for the beneficiary.
- FFS new quantity limit of 4 test kits/claim, 8 test kits/30 days.

Pharmacies needing assistance may call the
Prime Call Center at (866) 675-7755.
