

NEW HAMPSHIRE MEDICAID PHARMACY PROGRAM

TO: New Hampshire Medicaid Providers
FROM: New Hampshire Department of Health and Human Services
DATE: **October 1, 2021**
SUBJECT: New Hampshire Medicaid Diabetic Supply Program

The State of New Hampshire Department of Health and Human Services contracts with Magellan Rx Management to manage a diabetic supply program which applies to all New Hampshire Medicaid recipients without other insurance or Medicare coverage. Medicaid managed care organization (MCO) recipients are not included in the diabetic supply program.

Abbott Diabetes Care, Inc. and Roche Diagnostics Corporation are currently the preferred providers of traditional blood glucose monitors and strips. Dexcom is the preferred continuous glucose monitoring system. Recipients who are not already using preferred products must switch to one of the preferred monitors and accompanying strips as New Hampshire Medicaid no longer covers test strips for non-preferred monitors unless the recipient's physician has requested an override through Magellan Rx Management.

Please be advised that the New Hampshire Medicaid Diabetic Supply program has been updated and a full product listing is provided on Page 2.

For additional information about this program, please visit <http://newhampshire.magellanmedicaid.com>.
